

#### **Course description**

Start and finish at the lodge of the Red Clay State Historic Area, Cleveland. After a rolling downhill to the Georgia state line, a 260 foot uphill begins. Once at the top the course is mostly downhill to the finish. Turn right on Lead Mine Rd at mile 2. Turn right onto Hwy 317 at mile 3. Turn right at mile 5 on Weatherly Switch then right back on Red Clay Rd. Some minor rolling hills to the finish. Considered an interesting course with one major hill and lots of frogs and cows along the way. Plenty of club sandwiches or pizza at the end.
